## LOVE LIVES ON DESPITE COURT

### Robert Cates Says His Wife Kissed Him After Filing Suit.

Robert E. Cates told the District Supreme Court yesterday he and his wife, Mrs. Goldie L. Cates, even though he is being sued for divorce, still love each other, and since the wife's petition was filed, "she has met him and kissed him and hugged him." "But," he states, "although he is willing to provide a suitable home for himself and family she refuses to go and live with him, and she insists on keeping both of the children."

Mrs. Cates sued for a limited divorce on December 18. She charged her husband with drunkenness and cruelty, which Cates denies.

In referring to his wife's petition in which she states she came home drunk and beat her, Cates explains that "he went downtown with a friend and returned home about 12:30 and retired. He was questioned by his wife as to where he had been and he told her to go to sleep and he would explain everything in the morning. Thereupon she beat him about the head with her fist and kicked him."

"He did not retaliate," Cates states, "but only used force sufficient to prevent her continuing the assault. Immediately after, she took the children and went to a police station, and caused a policeman to accompany her home. Upon their arrival, the policeman admonished her to keep quiet and go to bed."

Once, Cates avers, he was compelled to spend the night in a bathroom because he was locked out of his home. The couple were married in Bristol, Tenn., in August, 1908.

The wife is represented by Attorney Charles Linkins, while Attorneys Baker and Neymeyer appear for the husband.

## 'DRY' POLICEMEN HERE'S YOUR JOB

### Major Pullman Wants Some Reliable Men to De- stroy Rum.

With more and more liquor to be destroyed daily, Major Raymond W. Pullman is seeking a few more "reliable" prohibitionists among the members of his force to add to the John Barneycon guillotine squad.

The real guillotine is a police hatchet which chops the necks and lets flow the juice from Baltimore bottles.

The squad is now made up of several rabidly "dry" members of the force. The liquor is taken for destruction to a sewer in a secreted courtyard of a public building.

Members of the force stationed at the Ninth precinct are asking for transfers to a reported, on account of the surroundings.

The precinct has all the hidden earmarks of one of Washington's joy palaces in the "good old days." From cellar to garret and in empty cells, wine, gin, whisky, cocktails and other wet goods are stored.

Prospects are that the Police Department will transfer the greater part of the stored products at the Ninth precinct station within a short time. Property Clerk Heise is looking over some warehouses.

All the liquor is to be used as evidence as the cases come up in court. Each lot has a sticker attached with the name of the owner.

In the meantime, Major Pullman is looking for recruits for his "destructive squad" who can look him in the eye at the completion of their jobs and truthfully say:

"We did our duty, major."

## ELECTRIC POWER PLANTS WILL NOT MAR CITY'S BEAUTY

### Committee on Boosting Manu- facturing Possibilities of Washington Pushing Cam- paign in Earnest—Business Men to Advertise Facilities. Present Plan Proposes Elec- tricity as Motive Power.

Following the formulation of a plan to advertise locally and nationally the advantages of the National Capital for manufacturing enterprises, prospective projects are already beginning to show their heads. C. J. Columbus, secretary of the Merchants and Manufacturers Association, stated yesterday.

R. P. Andrews, chairman of the factory boosting committee, will call his committee for a meeting Tuesday, at which definite steps along the advertising line will be taken. Other members of the committee are E. C. Graham, O. W. Wright, S. W. Straus, H. C. C. Stiles and M. A. Leese.

"It should be remembered," Mr. Andrews stated, "that nearly all light manufacturing is done now by electricity, and that a modern electric plant does not consist of artistic sheds surrounded by smokestacks. We are confident our plan for furthering manufacturing and mercantile interests here will not mar the beauty of the city."

## WESTERN APPLE BEST, SAYS GILL

### Washington Representative Praises Fruit as Trophy of Farmers' Victory.

Washington State grows the finest apples in the country, former Representative C. C. Gill, of Spokane, declared at a meeting of the Washington and Alaska State Society in the Thompson School last night.

"They will come here on the streets of Washington City for 10 cents apiece," he said, "and every time I see one of the red and yellow beauties I feel proud to have come from a State that can grow apples like those."

Mr. Gill said the highly cultivated apple showed what man had been able to bring from the wilderness in his battle with nature, and that every individual fruit was the trophy of his victory.

Following Mr. Gill's address, J. L. Morrison, chairman of the Alaska Bureau of the Seattle Chamber of Commerce, now in Washington to advocate Alaskan interests before Congressional committees, spoke of his work on Capitol Hill.

Senator Wesley Jones, of Washington, presided.

## MAPES NAMED D. C. CHAIRMAN

### Michigan Representative Heads District Committee in Sixty-sixth Congress.

Representative Carl E. Mapes of the Fifth Michigan District was yesterday named by the Republican steering committee for chairman of the House District Committee in the next Congress.

The appointment was in accordance with the rule followed by the committee on committees of assigning chairmanships to the ranking member of committees in the Sixty-fifth Congress.

Representative Mapes began his service in Congress on March 4, 1917, and is thus beginning his fourth consecutive term. During that period he has earned continuously upon the District Committee and will accordingly assume his new duties with full knowledge and responsibility of the work involved.

The appointment is of particular interest to residents of Washington since all matters affecting the city are referred to the District Committee which will probably be called upon soon to consider the question of granting the city representation in Congress.

**LOCAL MENTION.**

7 cans baking powder, \$1.00; 4 lbs. buckwheat, 25c; 6 lbs. hominy, 25c; heavy beans, 10c; lima beans, 12 1/2c; 3 doz. safety matches, 25c; 2 lbs. spaghetti, 25c; 11 cans coconut, 30c; large cans Cal. peaches, 25c; pure pepper, 50c; pure jelly, 25c; herring roe, 12 1/2c; mixed tea, 50c; Mazola oil, pts. 33c; qts. 60c, 92c. Pa. Ave. and all the J. T. D. Pyles stores.

**WHY Fruited Cereals**  
(FRUITED WHEAT AND FRUITED OATS)  
are the most nourishing and healthful of all foods—and the most economical  
**BECAUSE—**Figs, Dates and Raisins are the sweetest, richest, most healthful and most nutritious of all fruits. **BECAUSE—**when these luscious fruits are combined with a cereal, either wheat or oats, the result is a true food.  
**AND the economy of these delicious cereal foods lies in the fact that you buy them in solid form and increase their bulk many times over by cooking.**  
Wonderfully easy to digest. A breakfast treat for the whole family. Will win your favor instantly.  
You will want to try both Fruited Wheat and Fruited Oats. Order a package of each today!

## SCHOOL BUREAU 52 YEARS OLD

### 300 Celebrate Board of Ed- ucation Birthday—Com- missioner Speaks.

With music, dancing, dramatic and speaking selections, 300 employees and friends of the Bureau of Education last night celebrated the fifty-second birthday of the bureau on the 5th of March.

The deceased is survived by his wife, Mrs. Loretta Mahoney Palmer, formerly of Norfolk, Va., and his young daughter, Virginia Palmer.

## DISTRICT SHY \$125,000 FOR SYRIAN RELIEF

### Committee Plans Whirlwind Drive to End Campaign.

Washington has not yet reached its quota in the drive for funds by the American Committee for Relief in the Near East. It has barely reached \$25,000 and the quota of the city is \$150,000, cut committee members feel that the response to the fund is barely beginning.

That by tomorrow night, when the campaign officially closes, Washington will have subscribed the amount asked.

The amount raised at the mass meeting at Liberty Hall Wednesday night was a little less than \$1,200, with some small amounts yet in doubt. This brings the total up to approximately \$25,000. The receipt of a check from the department store of S. Kann and Sons Company, for \$250, the largest individual contribution yet received, was acknowledged yesterday and the committee feels that this contribution is the precursor of many other large contributions yet to come.

## BEHIND BATTLE LINES, SUBJECT OF ADDRESS

### Representative Kelly to Speak at Meeting of President's Own.

"Behind the American Battle Lines in France" will be the subject of an address by Representative M. Clyde Kelly, of Pennsylvania, to be delivered before a meeting of the President's Own Garrison, Army and Navy Union, U. S. A., at a regular meeting March 10. This was announced at a meeting of the Garrison last night in G. A. R. Hall.

Representative Kelly and other prominent men will be mustered as members of the garrison.

Capt. J. Walter Mitchell, chairman of the committee on memorial services in honor of the late Col. Theodore Roosevelt, reported that arrangements have been made to hold the memorial service of Sunday, March 16, at the First Baptist Church, Sixteenth and O streets northwest. The pastor, Rev. Henry Allen Tupper, will preside. Col. Roosevelt was an active member of the President's Own Garrison.

## PAYMASTER PALMER INFLUENZA VICTIM

Word has just been received here of the death of Paymaster Henry A. Palmer, T. S. N., of the U. S. S. cruiser Birmingham. He was very well known here, having spent several winters in the Capital. Mr. Palmer was a prominent member of the Rhode Island bar, and had served as justice of the peace at the State of Providence, R. I., for a number of years.

He returned to Boston with his ship on the 19th day of February.

## DRUGGISTS! VICK'S VAPORUB SHORTAGE OVERCOME AT LAST

The Deal Scheduled for Last November, Which Was Postponed on Account of the Influenza Epidemic, Is Now Reinstated—Good During the Month of March.

A TREMENDOUS JOB TO INCREASE OUR PRODUCTION.

In this emergency we have tried to do our part. We secured the country for raw materials—our Traffic Manager spent his days riding freight cars in—shipped raw materials in carload lots by express and pleaded with manufacturers to increase their deliveries to us.

But it was a slow process. Some of our raw materials are produced only in Japan—supplies in this country were low and shipments required three months to come from the Far East. Then we had to recruit and train skilled labor. We brought our salesmen into the factory and trained them as foremen. We invented new machinery, and managed to install it on Christmas Day, so as not to interfere with our daily production.

143 JARS OF VAPORUB EVERY MINUTE, DAY AND NIGHT.

By January 1st we had everything ready to put this fair night shift, and since then our laboratory has been running day and night. To feed our automatic machines, which drop out one hundred and forty-three jars of Vaporub a minute, we have required eighty thousand weekly, has required a force of 500 people. Our Cafe Department, created for the benefit of these workers, served 7,000 meals during the month of January alone.

13 MILLION JARS OF VAPORUB DISTRIBUTED SINCE OCTOBER.

An idea of the work we have accomplished while fair may be given by our production figures—13,000,000 jars of Vaporub manufactured and distributed since last October—one jar for every two families in the entire United States.

During the influenza epidemic, Vick's Vaporub was used as an external application by the physician's treatment, and thousands of people, unable to obtain a doctor, relied on Vick's almost exclusively.

Literally millions of families all over California to Maine, and from the Great Lakes to the Gulf, have found Vick's Vaporub the ideal home remedy for croup and cold troubles.
